# Class Category Posters

**Class is a way to divide people based on how many resources they have, such as money, access to schools, and homes. There are basically three classes: rich, middle class, and poor. The following is one way to define these groups:**
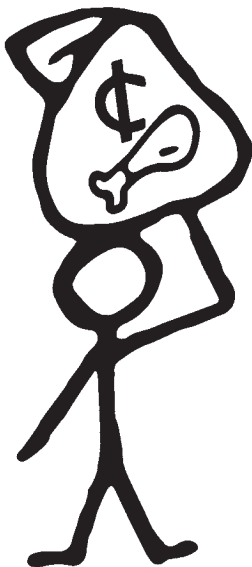

## Rich people

have more resources such as money, good food, better schools, and homes.

## Middle-class people

have a medium amount of resources.

## Poor people

have very little resources.

**Rich people** have more resources such as money, good food, better schools, and homes.

# Middle-class people
## have a medium amount of resources.

# Poor people
## have very little resources.
